

Sherwood Forest's 2017 Summer Camp Employment Opportunities

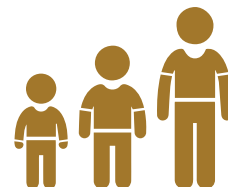

Sherwood Forest is the only agency of its kind helping St. Louis youth growing up in poverty. We connect with, educate, and inspire these kids who need it most and help them grow up to become successful. The heart of our program is a month-long, residential summer camp experience which takes place at our camp facility in Lesterville, MO, about two hours south of St. Louis. Summer camp employment at Sherwood Forest is from May 15 through August 4, 2017.

Our Quest program blends traditional camp adventures with evidence-based programs that reinforce and support school-year learning. Overnight camp-outs, extended backpacking trips, and river excursions are balanced by activities such as Book Club and the Creative and Performing Arts Program.

Sherwood Forest offers an environment of acceptance, support, self-discovery, and learning like no other. We establish and maintain long-term relationships with children and their families, stretching from their first year as a Mini Camper, all the way through college graduation.

Every phase of the Quest program is designed to promote individual growth. We serve youth in grades 1 through 9 from the greater St. Louis region.

Most of our Leadership Training Program graduates from the last 35 years have gotten back in touch with us, and 9 out of 10 report that they are no longer living in poverty. Today, they work as teachers, nurses, professors, psychologists, police officers, lawyers,

Every young person who completes our Leadership Training Program goes on to graduate from high school.

social workers, software designers, school administrators, members of the United States military, and Peace Corps volunteers.

We are seeking enthusiastic individuals who enjoy working with youth and are interested in working for a residential summer camp. We have positions available in Arts, Outdoor Living Skills, STEM, Reading, Aquatics, and Adventure Sports, as well as cooking and culinary arts. Internships are also available.
